AHMAD MUNAB

Software Engineer
AI Enthusiast - SaaS Builder

Portfolio: munab.vercel.app

I'm a Software Engineer passionate about building scalable and resilient systems. With 2+ years of experience across the Javascript and python ecosystem, I've contributed to high-impact projects at AdmitPath, Minitzgo, Pranerbangla.com and more. I thrive on designing Great User Experiences. I'm also passionate about AI and ML!
